Question of superseding the Regent Manor Rate

MH File No of 1935 — 31 General and Revenue Secretariat

Conclusion neither the Mtg be nor the rate payers are keen about the continuance of this place as a municipality. The letter have prayed for its being converted into a village Panchayat

In the above circumstances it is a point for consideration if any show cause should be ordered to be issued to the Mtg by the DC as was done in the case of Harale Municipality or action taken to supersede the Mtg as recommended by the DC

I/ there appears to be no alternative to the course proposed by the Dean but I stated that matters would not have improved if even if a Vice President had been re-elected. A discussion of the Rate Reconstruction is not also likely to improve the situation

A draft order might perhaps be submitted whether there are any other alternatives

Submitted for orders with a draft order. This appears to be a fit case in which action could be taken against the Mtg under the appropriate provisions for neglect of duty. Please see the draft herewith

Supersession of Nugur Minor
Municipal Council
=====

In submitting herewith the records ending with report No 199/34-35 dated the 22nd May 1935 received from the President, Nugur Municipal Council in re the above, I have the honor to state as follows -

Mr M S Basavanna, Vice President, and six other Municipal Councillors were disabled to continue as members of the Municipal Council under Section 9 (2)(d) of the Minor Municipal Regulation for not having paid the arrears of taxes after the issue of a special notice Of these 7 members, Mr Basavanna, Vice-President and 4 others were re-elected Councillors and the remaining two were nominated members The seven vacancies were subsequently filled up by election and nomination respectively Of the five persons who were elected only Mr Basavanna was a re-elected member

A special meeting was however, convened on 13-5-35 for the purpose of again discussing the question of having an elected Vice President, out of the 14 members present, 8 were in favour of election and 6 against it The President reported that the affairs of the Municipality were in a chaotic condition during the period when Mr Basavanna was Vice-President, that there was every probability of his being elected again as Vice President by the Municipal Council and that the resolution of the council be suspended as his election was not conducive to the good administration of the Municipality It was also reported that Mr Basavanna was a man of doubtful character

In view of the facts brought to my notice, I, in exercise of powers vested in me under Sec 36 of the Minor Municipal Regulation, suspended the execution of the resolution of the Municipal Council for the election of a Vice President in the interest of the Municipality From the past experience also it is a fact that the Municipality did not prosper well under a Vice President

During the course of inspection of this Municipal Office, my predecessor, Mr C S Kuppuswamiengar, on 5th June 1934 observed that the administration of the Municipality was not satisfactory and that if tangible improvement was not shown before the end of December 1934, action would be taken to supersede the Municipality The note on the audit of accounts of the Municipality for 1933-34 reveals that the Municipal Council has not been discharging its duties satisfactorily There is no lighting in the Town The arrears are very heavy and the financial condition is hopelessly bad It is a matter for consideration whether its continuance as Municipality is worthwhile at all as has been observed in the audit notes

Under my instructions, my Personal Assistant inspected the office in detail on 29-6-35 He has observed that the financial position of the Municipality is anything but satisfactory and that for want of funds, lighting has been stopped and that no payments could be made on obligatory items The heavy arrears which amount to Rs 9234-10-6 have not been collected for many years There is no fund at the credit of the Municipality to meet the obligatory items of expenditure The pay of the establishment has not been disbursed for months together ~~xx~~ for want of funds

Before taking the extreme step of recommending the supersession of the Municipality, I waited to satisfy myself

personally regarding its unsatisfactory affairs I paid a visit to Mugur on 16th July 1935 and met the Municipal Councillors I examined the Minute Book, Proceedings Books, checked some of the accounts and made enquiries regarding the causes for the accumulation of arrears I observed that a large number of distraint orders issued so far back as 1930 is still unattended to not to speak of the more recent ones The staff has not been paid for the last six months Kulwar and Salwar Bakipatties though prepared only recently have not been verified and action taken It is not possible to make out in how many cases and to what extent arrears have become irrecoverable A list of cases in which suits have to be filed has also not been made out From the list of arrears prepared in February 1934, it is evident that more than Rs 1000/- has been allowed to become irrecoverable I am told that each of the Municipal Councillors was given a baki-patti to help the executive in recovering the arrears They themselves being in arrears kept quiet without doing anything The Municipality exists only in name The Councillors have not realised their responsibilities The new Councillors have also become defaulters The Muncipal Council have apparently been banking on the octroi revenue which is dwindling down The successive ex-officio Presidents could have done something better if they had taken more drastic action during their halts at Mugu Things have however been allowed to drift to this chaotic condition It is a matter for regret that no public works were undertaken for the last two years, and that lighting has altogether been stopped During my visit to the place, the sweepers present a petition that they had not received their pay from February 1935 and some of the residents presented a petition that the Municipality which had not created any facilities to them might be converted into a Village Panchayet This is a serious charge against the Municipality for which there are sufficient valid grounds

From the foregoing, it will be seen that the Municipality is not competent to perform the duties imposed under the Municipal Regulation and the opportunities given from time to time to improve the finances have not been taken advantage of Unless drastic action is taken, it is very unlikely that the affairs of the Municipality will improve I therefore request that sanction of Government may kindly be obtained to supersede the Municipal Council under Sec 42 (1) of the Minor Municipal Regulation for a period of one year in the first instance and to issue a Notification to that effect in the Mysore Gazette

During the said period, I recommend that the Amildar of T Narasipur Taluk, may be entrusted with the powers of and duties of the Municipal Council Sanction of Government may also be obtained to entertain a Revenue Inspector on Rs 40/- plus 10/- per mensem durirg the period of supersession to help the Amildar in administering the Municipality and in attending to collection work, the cost of his salary being met from the collections to be made

The dissolution of the Municipality and its conversion into a Village Panchayet may be considered at the end of one year

I have the honor to be,

Sir,

Your most obedient servant,

Deputy Commissioner,

Mysore District
